## PROXY STATEMENT

### ANNUAL MEETING OF SHAREHOLDERS To Be Held May 4, 2010

#### GENERAL INFORMATION

The enclosed proxy is being solicited by the Board of Directors of Aaron's, Inc. (the "Company") for use at the 2010 annual meeting of shareholders to be held on Tuesday, May 4, 2010 (the "Annual Meeting"), and any adjournment or postponement of the Annual Meeting.

Each proxy that is properly executed and returned by a shareholder will be voted as specified thereon by the shareholder unless it is revoked. Shareholders are requested to execute the enclosed proxy and return it in the enclosed envelope, or submit your proxy by internet or telephone in the manner described on the enclosed proxy card. If no direction is specified on the proxy as to any matter being acted upon, the shares represented by the proxy will be voted in favor of such matter. Any shareholder giving a proxy has the power to revoke it at any time before it is voted by submitting another proxy bearing a later date or by written notification to the Corporate Secretary of the Company. Shareholders who are present at the Annual Meeting may revoke their proxy and vote in person. If you hold your shares through a broker or other nominee (i.e., in "street name"), your broker or other nominee should provide you instructions on how you may instruct them to vote your shares on your behalf.

The presence, in person or by proxy, of holders of a majority of the outstanding shares of the Company's Class A Common Stock at the Annual Meeting is necessary to constitute a quorum. The affirmative vote of a plurality of the holders of shares of the Company's Class A Common Stock present, in person or represented by proxy, at the Annual Meeting will be necessary to elect the nominees for director listed in this Proxy Statement. The affirmative vote of the majority of the outstanding shares of Class A Common Stock will be necessary to approve the proposed amendment to the Company's Articles of Incorporation to increase the number of authorized shares of Common Stock from 100,000,000 to 200,000,000 as described in this Proxy Statement and to approve the Executive Bonus Plan. For other matters that may be properly presented at the Annual Meeting, the matter will also be approved if more shares of Class A Common Stock are voted in favor of the matter than against it, unless a greater vote is required by law.

Abstentions and "broker non-votes" will be included in determining whether a quorum is present at the Annual Meeting, but will otherwise have no effect on the election of the nominees for director. Abstentions and broker non-votes have the effect of negative votes with respect to the proposed amendment to the Company's Articles of Incorporation and approval of the Executive Bonus Plan. Broker non-votes occur on a matter up for vote when a broker, bank or other holder of shares you own in "street name" is not permitted to vote on that particular matter without instructions from you, you do not give such instructions, and the broker or other nominee indicates on its proxy card, or otherwise notifies us, that it does not have authority to vote its shares on that matter. Whether a broker has authority to vote its shares on uninstructed matters is determined by stock exchange rules.

Only shareholders of record of Class A Common Stock at the close of business on the Record Date are entitled to vote at the Annual Meeting. A list of all shareholders entitled to vote will be available for inspection at the Annual Meeting. As of the Record Date, the Company had 7,756,739 shares of Class A Common Stock and 46,553,169 shares of Common Stock outstanding. Each share of Class A Common Stock entitles the holder thereof to one vote for the election of directors, one vote for approval of the proposal to amend the Company's Articles of Incorporation to increase the number of authorized shares of Common Stock, one vote for approval of the Executive Bonus Plan and a vote on any other matters that may properly come before the Annual Meeting. The holders of the Common Stock are not entitled to vote with respect to the election of directors or the other proposals described herein or with respect to most other matters presented to the shareholders for a vote.

The Company will bear the cost of soliciting proxies, including the charges and expenses of brokerage firms, banks, and others for forwarding solicitation material to beneficial owners of shares of the Company's Class A Common Stock. The principal solicitation is being made by mail; however, additional solicitation may be made by telephone, facsimile, or personal interview by officers of the Company who will not be additionally compensated therefore. It is anticipated that this Proxy Statement and the accompanying proxy will first be mailed to shareholders on or about April 5, 2010.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10% of either class of the Company's common stock, to file with the Securities and Exchange Commission certain reports of beneficial ownership of the Company's common stock. Based solely on copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that all applicable Section 16(a) filing requirements were complied with by its directors, officers, and more than 10% shareholders during the year ended December 31, 2009.

Please see page 29 of this Proxy Statement for the 2009 Audit Committee Report.

*Compensation Committee.* The Board has a standing Compensation Committee, which is currently composed of Messrs. Benatar and Robinson. The purpose of the Compensation Committee is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to executive and director compensation, equity compensation plans and other compensation and benefit plans, management succession and other significant human resources matters. The Compensation Committee operates pursuant to a written charter adopted by the Board. The Compensation Committee held four meetings during the year ended December 31, 2009. Please see page 21 of this Proxy Statement for the 2009 Compensation Committee Report.

Under its Charter, the Compensation Committee has the authority to review and approve performance goals and objectives for the Named Executive Officers in connection with the Company’s compensation programs, and to evaluate the performance of the Named Executive Officers, in light of such performance goals and objectives and other matters, for compensation purposes. Based on such evaluation and other matters, the Compensation Committee recommends to the independent members of the Board of Directors for determination (or makes such determination itself in some circumstances) the compensation of the Named Executive Officers, including the Chief Executive Officer. The Committee also has the authority to approve grants of stock options, restricted stock, stock appreciation rights and other equity incentives and to consider from time to time, and recommend to the Board, changes to director compensation. The Committee can delegate its duties and responsibilities to one or more subcommittees, and can also delegate certain of its duties and responsibilities to management of the Company, to the extent consistent with applicable laws, rules and listing standards. See COMPENSATION DISCUSSION AND ANALYSIS for more information on the Committee’s processes beginning on page 15 of this Proxy Statement.

*Compensation Committee Interlocks and Insider Participation.* Messrs. Benatar and Robinson were the members of the Compensation Committee for the year ended December 31, 2009 and during such period, there were no Compensation Committee interlocks. Neither member is an employee or is or was an officer of the Company.

## **Director Nominations**

The Board of Directors is responsible for considering and making recommendations to the shareholders concerning nominees for election as director at the Company’s annual meeting of shareholders and nominees for appointments to fill any vacancy on the Board. The Board does not have a nominating committee. Certain New York Stock Exchange listing criteria related to nominating committees and the composition of the Board are not applicable to the Company because a majority of its voting Class A Common Stock is beneficially owned by the Chairman, Mr. Loudermilk, Sr. Moreover, because of the practical necessity that a candidate for director must be acceptable to Mr. Loudermilk, Sr., in his capacity as holder of a majority of the Company’s voting stock, in order to be elected, the Board believes it is desirable for the nominations function to be fulfilled by the full Board, including Mr. Loudermilk, Sr., rather than by a nominating committee that does not include him.

To fulfill its nominations responsibilities, the Board periodically considers the experience, talents, skills and other characteristics the Board as a whole should possess in order to maintain its effectiveness. In determining whether to nominate an incumbent director for reelection, the Board evaluates each incumbent's continued service, in light of the Board's collective requirements. When the need for a new director arises (whether because of a newly created Board seat or vacancy), the Board proceeds by whatever means it deems appropriate to identify a qualified candidate or candidates. The Board evaluates the qualifications of each candidate. Final candidates are generally interviewed by one or more Board members before the Board makes a decision.

At a minimum, a director should have high moral character and personal integrity, demonstrated accomplishment in his or her field and the ability to devote sufficient time to carry out the duties of a director. In addition to these minimum qualifications, in evaluating candidates the Board may consider all information relevant to the decision of whether to nominate a particular candidate for a particular Board seat, taking into account the then current composition of the Board. These factors may include: a candidate's professional and educational background, reputation, industry knowledge and business experience, diversity (including occupational, geographic and age diversity) and the relevance of those characteristics to the Company and the Board; whether the candidate will complement or contribute to the mix of talents, skills and other characteristics needed to maintain the Board's effectiveness; the candidate's ability to fulfill the responsibilities of a director and of a member of one or more of the Board's standing committees; and input from the Company's controlling shareholder. The Company believes the composition of the current Board of Directors reflects diversity in business and professional experience and skills.

Nominations of individuals for election to the Board at any meeting of shareholders at which directors are to be elected may be made by any shareholder entitled to vote for the election of directors at that meeting by complying with the procedures set forth in Article III, Section 3 of the Company's Bylaws. Article III, Section 3 generally requires that shareholders submit nominations by written notice to the President setting forth certain prescribed information about the nominee and nominating shareholder. That section also requires that the nomination be submitted at a prescribed time in advance of the meeting, as described below in SHAREHOLDER PROPOSALS FOR 2011 ANNUAL MEETING.

The Board will consider including in its slate of director nominees for an annual shareholders' meeting a nominee submitted to the Company by a shareholder. In order for the Board to consider such nominees, the nominating shareholder should submit the information about the nominee and nominating shareholder described in Article III, Section 3 of the Bylaws to the President at the Company's principal executive offices at least 120 days before the first anniversary of the date that the Company's Proxy Statement was released to shareholders in connection with the previous year's annual meeting of shareholders, which for the 2011 annual meeting will be December 6, 2010. The nominating shareholder should expressly indicate that such shareholder desires that the Board consider such shareholder's nominee for inclusion with the Board's slate of nominees for the meeting. The nominating shareholder and shareholder's nominee should undertake to provide, or consent to the Company obtaining, all other information the Board requests in connection with its evaluation of the nominee.

The shareholder's nominee must satisfy the minimum qualifications for director described above. In addition, in evaluating shareholder nominees for inclusion with the Board's slate of nominees, the Board may consider all relevant information, including the factors described above; whether there are or will be any vacancies on the Board; and the size of the nominating shareholder's holdings in the Company and the length of time such shareholder has owned such holdings.

#### **Board Leadership Structure and Role in Risk Oversight**

The Board of Directors is responsible for overseeing and directing the management of the Company. The Board of Directors is led by the Chairman, R. Charles Loudermilk, Sr. Mr. Loudermilk, Sr. is the founder and controlling shareholder of the Company, and served as its Chief Executive Officer for the substantial majority of the Company's existence. The Company believes his deep experience and knowledge of the Company and its industry, as well his significant equity interest in the Company, which aligns him closely with all other shareholders, makes him well qualified to serve as Chairman.

The Board is comprised of eleven directors total, seven of whom have been determined to be independent directors. Each of the Audit Committee and Compensation Committee of the Board of Directors is comprised

entirely of independent directors. For purposes of executive sessions of the Board of Directors where the non-management and independent members of the Board of Directors meet without management present, the Company has appointed Leo Benatar to serve as the Lead Director to chair such meetings. To assist the Board of Directors in carrying out its duties, the Company adopted Corporate Governance Guidelines in 2004, a copy of which is available through the Company's website, [www.aaronsinc.com](http://www.aaronsinc.com).

The Company's operations are led by Mr. Robert C. Loudermilk, Jr. who serves as the President and Chief Executive Officer. Mr. Loudermilk, Jr. has been President since 1997 and has served as Chief Executive Officer since 2008. Mr. Loudermilk, Jr. reports to, and serves at the pleasure of, the Board of Directors. Mr. Loudermilk, Jr. has served with the Company for 25 years.

The Company believes the Chairman of the Board of Directors, Chief Executive Officer and Lead Director positions are compatible because they permit the existence of a checks and balance system of governance over the Company without interfering with or compromising the day-to day operations and success of the Company. The Chairman is responsible for leading the Board of Directors in its duty to oversee the management of the business and affairs of the Company and ensuring that he and the other directors act in the best interest of the Company and its shareholders. The Chief Executive Officer is responsible for oversight of the day-to-day operations and business affairs of the Company, including directing the business conducted by the employees, managers and officers of the Company. The Lead Director is responsible for leading the executive sessions of the Board of Directors where non-management and independent directors meet without members of management, and to generally serve as the representative of the non-management and independent directors in interacting with the Chairman and Chief Executive Officer. Together, the Company believes these three positions — Chairman, Chief Executive Officer and Lead Director — functioning as separate positions contribute to the detached overarching governance that is expected from a board of directors relative to the management of a company.

### **Risk Management**

The Company believes the current structure of the Board of Directors is appropriate for the Company at this time and helps ensure proper risk oversight for the Company, for a number of reasons, the most significant of which are the following:

- The separation of the Chairman and Chief Executive Officer roles allows for a detached overarching governance system which, in turn, promotes the effective governance over the Company's affairs and oversight of the Company's business conducted by its employees, managers and officers under the direction of the Chief Executive Officer that is expected of the Board of Directors and is in keeping with the Company's Corporate Governance Guidelines.
- The structure of the Board of Directors provides strong oversight by the independent directors, with the independent directors meeting frequently in executive sessions of the Board of Directors without management and led by the Lead Director. These executive sessions allow the Board of Directors to review key decisions and discuss matters in a manner that is independent of the Chairman and Chief Executive Officer, and where necessary, critical of the Chairman, Chief Executive Officer and senior management.

Risk management is the responsibility of every employee of the Company, however senior management of the Company is ultimately accountable to the Board of Directors and shareholders of the Company for risk management. Senior management of the Company is responsible for day-to-day risk management, while the Board oversees planning and responding to risks, as a whole, through its committees and independent directors. Specifically, the Board of Directors is responsible for overseeing compliance with laws and regulations, responding to recommendations from auditors and supervisory authorities, and overseeing management's conformance with internal policies and controls addressing the operations and risks of significant activities.

Full and open communication between management and the Board of Directors is essential for effective risk management and oversight. The independent directors frequently meet in executive session, without members of management present, to review the role and accomplishments of management of the Company. Additionally, the committees of the Board of Directors play a role in the Board fulfilling its risk management oversight duties. The Audit Committee assists the Board of Directors with respect to oversight of risks arising from financial reporting,

internal controls and compliance with legal and regulatory requirements, and discusses with the Board of Directors Company policies with respect to risk assessment and risk management. The Compensation Committee assists the Board of Directors with respect to oversight of risks arising from the Company's compensation policies and programs.

**PROPOSAL TO AMEND THE COMPANY'S ARTICLES OF INCORPORATION TO INCREASE  
THE NUMBER OF AUTHORIZED SHARES OF THE COMPANY'S COMMON STOCK  
(Item 2)**

The Board of Directors resolved on March 23, 2010 to amend the Company's Amended and Restated Articles of Incorporation (the "Amendment") to increase the number of shares of the Company's authorized Common Stock, \$.50 par value per share from 100,000,000 to 200,000,000, and to submit the Amendment to the shareholders at the Annual Meeting for their approval.

The Board of Directors believes that it is in the Company's best interests to increase the number of shares of authorized Common Stock to have additional shares available to meet needs if they arise. As of the Record Date, 46,553,169 shares of Common Stock were issued and outstanding. Of the remaining authorized shares of Common Stock, 5,685,554 shares were reserved for issuance upon the exercise of options previously granted or available to be granted under the Company's option plans, 23,279,897 shares were reserved for issuance in connection with a 3-for-2 stock split, in the form of a 50% stock dividend, approved by the Board on March 23, 2010, 1,886,433 shares were held in treasury and 22,594,947 shares remained unissued, unreserved and available for future corporate purposes.

The purpose of increasing the authorized number of shares of Common Stock is to give the Board of Directors greater flexibility in connection with the Company's capital structure, possible future financing requirements, employee compensation and other corporate matters. If the Amendment is approved, the Board of Directors would be permitted to issue Common Stock for any proper corporate purpose — including stock splits, stock dividends, acquisitions of other businesses or properties, additional capital raises, or issuances under current or future stock option or other employee benefit plans without obtaining approval of the shareholders. Shares of Common Stock could be issued publicly or privately.

Holders of the Common Stock do not have preemptive or similar rights to subscribe for additional securities which may be issued by the Company, and the issuance of additional securities may have a dilutive effect on existing holders of the Common Stock. The Company does not presently have any agreements, understandings or arrangements regarding the possible issuance of Common Stock subject to approval under this Amendment. The Amendment is not intended as an anti-takeover device and it is not proposed in response to any specific takeover threat known to the Board of Directors.

Holders of Common Stock generally have no right to vote at meetings of shareholders, except where required by law or the Company's Articles of Incorporation. Pursuant to Georgia law and the Company's Articles of Incorporation, the number of authorized shares of Common Stock may be increased by the affirmative vote of a majority of the votes which may be collectively cast by holders of the Class A Common Stock — consequently, the holders of Common Stock are not entitled to vote on the Amendment. The Amendment does not affect the Company's Preferred Stock, par value \$1.00 per share, of which 1,000,000 shares are authorized for issuance and none are issued or outstanding.

Although the Company presently intends to file the Amendment with the Georgia Secretary of State as promptly as practicable after the Amendment is approved by the shareholders, the Board reserves the right to delay or abandon the Amendment at its discretion.

Approval of the Amendment will require the affirmative vote of a majority of the issued and outstanding shares of Class A Common Stock.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF THE AMENDMENT, AND THE ENCLOSED PROXY WILL BE VOTED IN THAT MANNER UNLESS THE SHAREHOLDER EXECUTING THE PROXY SPECIFICALLY VOTES TO THE CONTRARY OR ABSTAINS FROM VOTING ON THIS PROPOSAL.**

**APPROVAL OF THE AARON'S, INC. EXECUTIVE BONUS PLAN  
(Item 3)**

The Board of Directors on March 23, 2010 authorized the Compensation Committee to finalize, approve and administer the Aaron's, Inc. Executive Bonus Plan (the "Executive Bonus Plan"), to be effective as of January 1, 2010. Shareholder approval of the Executive Bonus Plan is sought in order to qualify the Executive Bonus Plan under Section 162(m) of the Internal Revenue Code and to thereby allow the Company to deduct for federal income tax purposes all compensation paid under the Executive Bonus Plan to the Chief Executive Officer. The Company's prior executive bonus plan, which was approved by the shareholders in 2005, has expired, thus necessitating the submission of this new plan to shareholders.

This summary of certain features of the Executive Bonus Plan is qualified in its entirety by reference to the full text of the Executive Bonus Plan, which is set forth in Appendix A.

**General**

The purpose of the Executive Bonus Plan is to further the growth and financial success of the Company by offering performance incentives to designated executives who have significant responsibility for such success. The Executive Bonus Plan will be administered by the Compensation Committee or other committee designated by the Board (the "Committee"), subject to the Committee's right to delegate to the Chief Executive Officer and others responsibility for administration of the Executive Bonus Plan as it relates to participants other than the Chief Executive Officer. Persons eligible to participate in the Executive Bonus Plan are the executive officers and other executives of the Company, its operating units, or its affiliates who are in management positions designated as eligible for participation by the Committee or its designee. The Executive Bonus Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Executive Bonus Plan may be amended, suspended or terminated by the Committee at any time, subject to ratification by the Board and to the consent of each participant whose rights with respect to an award that has been determined and approved would be adversely affected. Unless terminated, the Executive Bonus Plan will remain in effect until awards thereunder are paid for the Company's fiscal year ending in 2015.

**Awards Under the Executive Bonus Plan**

Prior to, or as soon as practical after, the commencement of each fiscal year, the Committee will establish plan rules for that year with respect to the following matters: (a) employees who are eligible to participate; (b) performance targets and the measurement criteria for determining the level of achievement of the performance targets; (c) the dollar amount or the percentage of a participant's base salary which may be paid as an incentive award at specified levels of achievement of the performance targets; (d) the form of payment of an incentive award; and (e) the times and conditions subject to which any incentive award may become payable. Performance criteria for the Chief Executive Officer will include one or more of the following: earnings before interest and taxes (EBIT), earnings before interest, taxes, depreciation and amortization (EBITDA), pre-tax earnings, return on capital employed, cash flow, cash flow return, operating income, inventory turnover ratio, cost reductions, leverage ratios, gross margin, product introduction, sales, net income, earnings per share, return on equity, return on assets (or net assets), investments, pre-tax profit, after-tax profit, market value of the Company's stock, total shareholder return, utilize the above economic profit, capitalized economic profit, and strategic business objectives consisting of one or more objectives based on meeting specified cost targets, business expansion goals, and goals related to acquisitions and divestitures. The Committee may establish other performance criteria for participants other than the Chief Executive Officer or it may establish other criteria. The maximum incentive award payable to a participant in any year will be \$3.0 million.

After the end of each fiscal year, the Committee will certify the extent to which the performance criteria have been achieved for that year. In measuring performance, the Committee may adjust the Company's financial results to exclude the effect of unusual charges or income items which distort year-to-year comparisons of results and other events, including acquisitions or dispositions of businesses or assets, recapitalizations, reorganizations, or reductions in force. With respect to the Chief Executive Officer and other participants designated by the Committee, the Committee shall exclude such items whose exclusion has the effect of increasing achievement of performance

## Table of Contents

criteria if such items constitute “extraordinary items” under generally accepted accounting principles or are unusual events or items. The Committee will also make adjustments to eliminate the effect of unanticipated changes in the tax or accounting rules and regulations.

Incentive awards shall be approved by the Committee, subject to ratification by the Board when required under the Plan or elected by the Committee, based on the Plan rules then in effect and the achievement of performance criteria as certified by the Committee. The Committee may in its discretion grant awards to deserving participants, except the Chief Executive Officer, notwithstanding levels of achievement of performance criteria.

Awards will generally be made in lump sum cash payments or in such other form as the Committee may specify at the beginning of the year. Payment will be made as soon as practicable after determination of awards.

A partial incentive award may be authorized by the Committee for a participant who is terminated without cause or who retires, dies, or becomes permanently and totally disabled. Otherwise, no award will be paid to a participant who is not an active employee of the Company, an operating unit, or an affiliate at the end of the fiscal year to which the award relates. In general and unless with respect to some or all participants, the Committee has established a different rule, upon the occurrence of a Change in Control (as defined in the Executive Bonus Plan), the participant’s incentive award for that year will be deemed to have been fully earned for the year, with deemed performance at the target level; will be prorated for the portion of the year that has elapsed; and will be paid within thirty days after the effective date of the Change in Control.

### **Federal Tax Consequences**

An award under the Executive Bonus Plan will constitute taxable ordinary income to the participant to the extent it is paid in cash. Generally, the Company will be entitled to a corresponding deduction.

Section 162(m) of the Internal Revenue Code limits to \$1 million the amount of compensation that may be deducted in any tax year with respect to a named executive officer (generally, the executive officers who would be listed for a fiscal year in the Summary Compensation Table appearing on page 22 hereof), with an exception for certain performance-based compensation. The Executive Bonus Plan is designed, and is to be administered, to qualify payments to the Chief Executive Officer and other participants designated by the Committee for that performance-based exception, so that such payments are deductible by the Company.

### **2010 Awards**

For fiscal year 2010, each Named Executive Officer has been granted an opportunity to receive a cash incentive award under the Executive Bonus Plan. Because the performance periods have not yet been completed, the amount of annual incentive compensation to be paid in the future to the Company’s current or future Named Executive Officers cannot be determined at this time. Actual amounts will depend on actual performance measured against the attainment of the pre-established performance goals.

The Named Executive Officers earned annual cash incentives for 2009 under the Company’s former Executive Bonus Plan, approved by the shareholders in 2005, as set forth in the Summary Compensation Table and described in the Board Report on Executive Compensation.

### **Vote Required for Approval of the Executive Bonus Plan**

The presence, in person or by proxy, of holders of a majority of the outstanding shares of the Company’s Class A Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum. Assuming the presence of a quorum, the Executive Bonus Plan will be approved if a majority of the outstanding shares of Class A Common Stock are voted in favor of approval. In the event the Executive Bonus Plan is not approved by the Company’s shareholders, the Board will take such action with respect to incentive awards as it considers to be in the best interests of the Company, consistent with the compensation policies set forth in the Compensation Discussion and Analysis beginning on page 15 of this Proxy Statement.

**Board Recommendation**

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” APPROVAL OF THE EXECUTIVE BONUS PLAN, AND THE ENCLOSED PROXY WILL BE VOTED IN THAT MANNER UNLESS THE SHAREHOLDER EXECUTING THE PROXY SPECIFICALLY VOTES TO THE CONTRARY OR ABSTAINS FROM VOTING ON THIS PROPOSAL.

## COMPENSATION DISCUSSION AND ANALYSIS

### Introduction

In this section, we describe the Company's compensation objectives and policies as applied to our principal executive officer, our principal financial officer, and our three other most highly-compensated executive officers during 2009. We refer to these five persons throughout this section and this Proxy Statement as the "Named Executive Officers." The following discussion and analysis is intended to provide a framework within which to understand the actual compensation awarded to or earned by each Named Executive Officer during 2009, as reported in the compensation tables and accompanying narrative sections appearing on pages 22 to 27 of this Proxy Statement.

### Administration

The Compensation Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to executive and director compensation, equity compensation plans and other compensation and benefit plans, management succession and other significant human resources matters. The Committee operates pursuant to a written charter adopted by the Board. None of the members of the Compensation Committee has been an officer or employee of the Company, and the Board has considered and determined that all of the members are independent as "independent" is defined under New York Stock Exchange Rules and otherwise meet the criteria set forth in the Committee's Charter.

Generally, the Compensation Committee reviews and discusses the recommendations of the Chairman and the Chief Executive Officer regarding the compensation of the Named Executive Officers of the Company, evaluates the performance of the Named Executive Officers and, based upon the Chairman's and Chief Executive Officer's recommendations and such evaluation, recommends their compensation to the independent members of the Board for determination. The Chairman makes recommendations to the Compensation Committee regarding compensation for all of the Named Executive Officers, other than for himself. The Chief Executive Officer makes recommendations to the Compensation Committee regarding compensation for all of the Named Executive Officers, other than for the Chairman and himself. For executive officers other than the Named Executive Officers, the Chairman and the Chief Executive Officer generally determine compensation levels, in most cases upon the recommendation of supervising executives. In addition, the Compensation Committee approves all equity awards, including for the Named Executive Officers and other officers, considering the recommendations of senior management. In certain circumstances where recommending compensation decisions to the Board would impair tax deductibility of executive compensation, the Compensation Committee makes final decisions on Named Executive Officer compensation.

Although management and any other invitees at Compensation Committee meetings may participate in discussions and provide information that the Compensation Committee considers (except for discussions with respect to any invitee's own compensation, in which an executive does not participate), invitees do not participate in voting and decision-making.

With respect to the Chief Executive Officer's compensation, for fiscal year 2009 the Compensation Committee of the Company's Board of Directors made a recommendation to the independent members of the Company's Board of Directors, except with respect to those elements of the Chief Executive Officer's compensation that the Committee is required to determine itself in order to preserve the deductibility of compensation under Section 162(m) of the Code. The independent members of the Company's Board of Directors then set the amount of the Chief Executive Officer's compensation, other than the elements set by the Committee, as described in the prior sentence.

In establishing recommendations for, or determining, the compensation of the Named Executive Officers, the Compensation Committee considers not only the recommendations of the Chairman and the Chief Executive Officer, but also objective measurements of business performance, the accomplishment of strategic and financial objectives, the development of management talent within the Company, enhancement of shareholder value and other matters relevant to the short-term and the long-term success of the Company.

## **Executive Compensation**

### ***Philosophy***

The Company seeks to provide an executive compensation package that is driven by our overall financial performance, increase in shareholder value, and performance of the individual executive. The main principles of this strategy include the following:

- pay competitively within our industry (and outside based on comparable size) to attract, motivate and retain key employees, and pay for performance;
- closely align our executives' interests with those of our shareholders; and
- design compensation programs with a balance between short-term and long-term objectives.

### ***Objectives of Executive Compensation***

The primary objectives and priorities of our executive compensation program are to:

- attract, motivate and retain quality executive leadership;
- align executives' incentive goals with the interests of our shareholders;
- enhance the individual executive's performance;
- improve our overall performance; and
- support achievement of our business plans and long-term goals.

### ***Elements of Compensation***

The three primary components of the executive compensation program are:

- base salary;
- annual performance-based cash bonus; and
- long-term equity incentive awards.

The executive compensation program also provides certain benefits and perquisites to the Named Executive Officers.

These elements are designed to be competitive with comparable employers and to achieve the objectives of our executive compensation program, consistent with the program's philosophy. Although the Compensation Committee does not set overall compensation targets and then allocate among the elements, it does review total compensation when making decisions on each element of compensation to ensure that the total compensation for each Named Executive Officer is justified and appropriate in the best interests of the Company's shareholders.

Recommendations for, or determinations of, the amount of each element of compensation for the Named Executive Officers are determined by the Compensation Committee, which uses the following factors to determine the amount of salary and other benefits to pay each executive: performance against corporate and individual objectives for the previous year; performance of their general management responsibilities; value of their unique skills and capabilities to support the Company's long-term performance; and contribution as a member of the executive management team.

The following is a summary of the Compensation Committee's actions during 2009 with respect to annual base salary, annual performance-based cash bonus awards, and long-term equity incentive compensation awards.

### ***Annual Base Salary***

The Company strives to provide its senior executives with a level of assured cash compensation in the form of annual base salary that is competitive with companies in the retail and similar industries and companies that are comparable in size and performance. However, in doing so, the Company does not "benchmark" against other

## Table of Contents

companies and does not consult surveys of publicly available salary information. The Compensation Committee is generally aware of publicly available information regarding the salaries of senior management employees of similar size companies and applies this knowledge in establishing base salaries. The publicly available salary information the Compensation Committee considers does not originate from any discrete peer group. The Committee does however routinely review compensation information of the Company's publicly-traded competitor, Rent-a-Center, Inc.

The Compensation Committee reviews base salaries annually and makes adjustments, in light of past individual performance as measured by both financial and non-financial factors and the potential for making significant contributions in the future, to ensure that salary levels remain appropriate and competitive. With respect to the Named Executive Officers, the Compensation Committee also considers the Chairman's and the Chief Executive Officer's recommendations and assessment of each officer's performance, his tenure and experience in his respective position, and internal comparability considerations.

With regard to the annual review of base salaries for the Named Executive Officers, the Compensation Committee has historically considered a number of financial and non-financial factors in reviewing past individual performance, some of which are not applicable to all of the Named Executive Officers due to their respective roles within the Company. The financial factors considered in 2009 include the individual's contribution to the increase in the Company's revenues, same store growth, pre-tax earnings, return on assets, store count and general economic inflation. The non-financial factors considered by the Compensation Committee in 2009 include duties and responsibilities of the executive's position, ability to effectively perform and/or exceed expectations with respect to duties and responsibilities that accompany such position, tenure in the role, number of new store openings and number of new franchise area development agreements executed.

While the Compensation Committee considers a number of financial and non-financial factors in its annual review of base salaries for the Company's Named Executive Officers, these factors are not assigned a specific weight or numeric value when considered. Nor are specific performance targets or objectives generally established in connection with the factors reviewed. Rather, the Compensation Committee considers all of the factors as a whole and makes a subjective assessment of the impact the Named Executive Officers make on the Company's business generally. The assessment of these factors does not typically distinguish between the Named Executive Officers, except that with respect to Mr. Evans, who is responsible for the Company's franchise operations, the number of new franchise store openings and franchise area development agreements entered into is given relatively more weight than other non-financial factors.

Additionally, the Compensation Committee reviews salary levels historically established for the Named Executive Officers, taking into consideration salary increases awarded in prior years, and years in which no salary increases were awarded. Under this approach by the Compensation Committee, as illustrated in the Summary Compensation Table appearing below under REMUNERATION OF EXECUTIVE OFFICERS, the salary increases awarded to the Named Executive Officers have generally been consistent over the past three years, other than with respect to Mr. Loudermilk, Jr.'s increase for 2008, which reflected his promotion to Chief Executive Officer, and Mr. Loudermilk, Sr.'s increase for 2007, which reflected a shift in the mix of his compensation between salary and annual cash incentive, and also reflected that his salary had remained the same for more than ten years preceding the increase; and Mr. Loudermilk, Sr.'s decrease for 2009, which reflected his transition as Chief Executive Officer duties to Mr. Loudermilk, Jr.

The base salary for Mr. Loudermilk, Jr. was increased in the beginning of 2009, from \$465,625 to \$600,000, in conjunction with increases for all of the Named Executive Officers except for Mr. Loudermilk, Sr., whose annual salary was decreased from \$800,000 to \$500,000. For 2009, Messrs. Danielson and Butler each received a \$100,000 increase in base salary and Mr. Evans' base salary was increased \$10,000.

### ***Annual Cash Bonuses***

Annual cash incentive bonuses provide a direct link between executive compensation and our annual performance. Unlike base salaries, annual incentive bonuses are at risk based on how well Aaron's and its executive officers perform. Bonuses in recent years have been paid pursuant to the Company's former Executive Bonus Plan, approved by the shareholders in 2005. As the former plan has now expired, shareholders are being asked to approve a new Executive Bonus Plan, substantially similar to the prior one, at the upcoming Annual

Meeting. For further information on the old and new Executive Bonus Plans, see the discussion of the plan under REMUNERATION OF EXECUTIVE OFFICERS and also APPROVAL OF THE AARON'S, INC. EXECUTIVE BONUS PLAN.

Under both plans, the Compensation Committee or its designee certifies the extent to which the performance targets and measurement criteria previously established for a particular plan year have been achieved based on financial information provided by the Company. The Compensation Committee may, in determining whether performance targets have been met, adjust the Company's financial results to exclude the effect of unusual charges or income items or other events that distort results for the year. However, for purposes of determining the incentive awards of the Chief Executive Officer, the Compensation Committee can exclude unusual items whose exclusion has the effect of increasing the extent to which the Chief Executive Officer meets performance measurement criteria only if such items constitute "extraordinary items" under generally accepted accounting principles or are unusual events or items. In addition, the Compensation Committee adjusts its calculations to exclude the unanticipated effect on financial results of changes in the Internal Revenue Code or other tax laws or regulations. The Compensation Committee may, in its discretion, decrease the amount of a participant's incentive award based upon such factors as it may determine.

In the event that the Company's or an operating unit's performance is below the anticipated performance thresholds for the plan year and the incentive awards are below expectations or not earned at all, the Compensation Committee may in its discretion grant incentive awards or increase the otherwise earned incentive awards to deserving participants, except for the Chief Executive Officer.

Annual cash bonuses for the Named Executive Officers in 2009, paid in the first quarter of 2010, were based on specific performance criteria established by the Compensation Committee for 2009 under the former Executive Bonus Plan. Annual performance-based cash bonuses for 2009 were awarded to: (i) Mr. Loudermilk, Sr. in an amount that is equal to 0.5% of the Company's pre-tax earnings for 2009, and (ii) to each of Messrs. Loudermilk, Jr, Danielson and Butler, in an amount that is equal to 0.2% of the Company's pre-tax earnings for 2009. As discussed under REMUNERATION OF EXECUTIVE OFFICERS, bonuses under the plan are awarded at the specified percentages to the extent that Company or divisional pre-tax earnings exceed the prior year's by any amount; conversely, no bonus is payable if pre-tax earnings do not exceed the prior year's by any amount.

Mr. Evans' 2009 performance-based cash bonus was approved by the Compensation Committee based on achievement of quarterly pre-tax profit objectives for the Aaron's Sales & Lease Ownership Division's franchise operations. The 2009 quarterly franchise pre-tax profit objectives applicable to Mr. Evans' 2009 performance-based cash bonus were \$7,750,000, \$8,100,000, \$8,416,210 and \$8,666,210, respectively. Under this component of Mr. Evans' 2009 performance-based cash bonus, Mr. Evans was entitled to receive nine-tenths of one percent (0.9%) of quarterly franchise pre-tax profits if they exceed the foregoing objectives, in an amount not to exceed \$62,500 per quarter.

#### ***Long-Term Equity Incentive Awards***

The Compensation Committee has designed the Company's equity incentive awards to serve as the primary vehicle for providing long-term incentives to the senior executives and key employees. The Company's equity incentive awards serve as a key retention tool. These considerations are paramount in the Compensation Committee's determination of the type of award to grant.

Equity incentive awards have been granted under the Company's Amended and Restated 2001 Stock Award Plan, which is a broad-based plan covering senior executives and other personnel that was approved by the shareholders at the 2009 annual meeting. The 2001 Stock Award Plan permits the Company to grant stock options, restricted stock and other forms of equity-based compensation. Both stock options and restricted stock awards vest over a number of years in order to encourage employee retention and focus management's attention on sustaining financial performance and building shareholder value over an extended term. Historically, Aaron's has primarily granted stock options that "cliff" vest after three years of service from the date of grant. However, the Company has also granted restricted stock with performance-based vesting conditions.

## [Table of Contents](#)

The Compensation Committee generally intends that outstanding equity awards will not, in the aggregate, exceed a certain percentage of the overall outstanding common shares, although this percentage is a guideline subject to change depending upon extant circumstances. The Compensation Committee also considers the amount of stock incentive accounting expense it deems advisable, upon consultation with management, for the Company to incur when new awards are being contemplated. Based upon the limits set by the antidilution guidelines and stock incentive accounting expense considerations, the Compensation Committee approves an overall pool of equity awards available for it to award to senior executives and key employees in a given year.

Although the Compensation Committee may take the Company's financial performance into consideration generally when determining the overall size of the pool of equity awards available for it to award to eligible participants in a given year, it generally does not take performance criteria into account when determining the size of a particular recipient's incentive grant, or use formulas to determine the value of equity awards to grant to individual recipients. The performance aspect of the Company's long-term equity awards is not related to the initial determination of individual grant sizes, but rather to the incentive such awards give recipients to improve the Company's performance, which should consequently increase the price of the Company's capital stock and the value of the stock awards, thus benefiting Company shareholders and equity award recipients alike.

Recipients are largely identified based on their level within the Company, although not all eligible employee levels participate in all grants. The pool of incentives is distributed to eligible participants using historical award levels, with those employees at the same level generally receiving the same award amount. If award amounts are adjusted, they are generally adjusted so as to keep similar proportional differences between employee levels.

*Modification of Performance-Based Restricted Stock Vesting Conditions.* On November 7, 2006, the Compensation Committee approved certain performance-based restricted stock grants, including to the executive officers of the Company. The original terms of the awards provided that half of the shares would vest on February 28, 2010 upon the achievement of a specified average annual pre-tax profit margin for the Aaron's Sales & Lease Ownership division over the three-year period ended December 31, 2009, and the other half would vest on such date upon the achievement of a 15% average annual revenue growth rate for the division over the same three-year period.

Starting in late 2007 (approximately one year into the three-year measurement period for the November 2006 restricted stock awards) the Company changed its strategy to more effectively manage existing and new stores and improve overall operating and profit performance. This change was partially accomplished by slowing the Company's pace of new store openings, in addition to accelerating the consolidation and/or disposition of underperforming stores. The decision to slow store growth, while succeeding in helping to improve profitability, inevitably slowed revenue growth as well. Consequently, as the 2010 vesting date neared, although it appeared that the pre-tax profit margin objective would be exceeded, it was anticipated that the average annual revenue growth rate objective would not be met.

On December 18, 2009, the Compensation Committee amended the revenue growth vesting condition to reduce the target growth rate, but also to extend the measurement period by an additional year. Specifically, as amended, the 50% portion of the awards contingent upon achieving specified revenue growth will vest on February 28, 2011 if the average annual revenue growth rate for the Aaron's Sales & Lease Ownership division over the four-year period ended December 31, 2010 exceeds 10%. In approving the amendment, the Committee observed that the actual revenue growth rate achieved was commendable, not only in view of the strategic decision to slow store growth, but also considering the negative economic conditions that have prevailed in recent years.

The amendment modified only the portion of the November 2006 restricted stock grants that related to the revenue growth objective and in no way modified the portion of the grants that related to the pre-tax profit margin objective. The portion of the grants that depended upon achievement of the pre-tax profit margin objective continued unmodified, and vested in full on February 28, 2010 upon satisfaction of the pre-tax profit margin objective established under the original terms of the awards.

### ***Allocation of Direct Compensation***

The Named Executive Officers have a greater portion of their total direct compensation “at risk”— that is, contingent on Company performance — than do other employees. During 2009, direct cash compensation for the Named Executive Officers ranged from 35% to 63% of total cash compensation, with the balance being individual performance-based annual bonus based on the Company’s pre-tax earnings.

### ***Benefits***

The Company provides a full range of benefits to its Named Executive Officers, including the standard medical, dental and disability coverage available to employees generally. In addition, the Company pays a portion of the premiums on three split dollar life insurance policies on the life of our Chairman, Mr. Loudermilk, Sr., and reimburses Mr. Loudermilk, Sr. for the resulting income tax liability. The insurance premiums and tax gross-ups paid in 2009 on behalf of our Chairman with respect to these life insurance policies, and two predecessor policies, were \$66,325. See RELATED PARTY TRANSACTIONS on page 28 of this Proxy Statement for more information regarding these insurance policies.

The Company also sponsors a 401(k) Retirement Savings Plan for all full-time employees with at least one year of service with the Company and who meet certain eligibility requirements. The 401(k) Plan allows employees to contribute up to 10% of their annual compensation with 50% matching by the Company on the first 4% of compensation. The executive officers may participate in the 401(k) Plan on the same terms as all employees generally. The Company paid matching 401(k) Plan contributions in various amounts ranging from \$1,514 to \$1,650 for the Named Executive Officers in 2009.

On June 8, 2009, the Compensation Committee approved the establishment of a nonqualified deferred compensation plan. Under the plan, non-employee directors of the Company and, as determined by the Compensation Committee, a select group of management or highly compensated employees are entitled to elect to defer certain portions of their compensation on a pre-tax basis. Eligible non-employee directors are able to defer up to 100% of both their cash and stock director fees, and eligible employees are able to defer up to 75% of their base pay and up to 100% of their bonus compensation. In addition, the Company may make restoration matching contributions on behalf of eligible employees to make up for certain limitations on the amount of matching contributions an employee can receive under the Company’s 401(k) plan. The Company paid matching contributions in various amounts ranging from \$825 to \$3,475 for the Named Executive Officers in 2009.

The obligations of the Company under the Plan are unsecured general obligations to pay in the future the balance of the book entry deferred compensation accounts. The value of deferred compensation accounts is determined based upon the performance of designated measurement funds selected by the participants, although the contributions are not actually invested in such funds. The Company has established a grantor trust, known as a “rabbi trust,” to allow it to accumulate assets to help fund payment of the plan obligations. Distributions generally will be made in cash. However, distributions representing stock fees deferred by non-employee directors will be paid in non-voting shares of the Company’s common stock.

### ***Perquisites***

Perquisites and other benefits represent a small part of our overall compensation package. The Company provides a limited number of perquisites to its Named Executive Officers in an effort to remain competitive with similarly situated companies. These include personal use of corporate aircraft and payment of club dues and car expense.

*Corporate Aircraft Use.* The Named Executive Officers use the Company’s aircraft from time to time for non-business use. Incremental variable operating costs associated with such personal use is paid by the Company. The amount of income attributed to the Named Executive Officers for income tax purposes from personal aircraft use is determined by the SIFL method (Standard Industry Fare Level), and the executives are responsible for paying the tax on this income.

*Club Dues.* The Company reimburses three of the Named Executive Officers’ monthly club dues.

[Table of Contents](#)

*Car Use.* The Company provides an automobile for the use of Mr. Loudermilk, Sr.

We review annually the prerequisites and other personal benefits that we provide to senior management.

**Compensation Deductibility**

An income tax deduction under federal law will generally be available for annual compensation in excess of \$1 million paid to the Named Executive Officers only if that compensation is “performance-based” and complies with certain other tax law requirements. Although the Compensation Committee and the Board considers deductibility issues when approving executive compensation, other compensation objectives, such as attracting, motivating and retaining qualified executives, are important and may supersede the goal of maintaining deductibility. Consequently, compensation decisions may be made without regard to deductibility when it is in the best interests of the Company and its shareholders to do so. The submission for shareholder approval of the 2010 Executive Bonus Plan at this year’s Annual Meeting is being partly undertaken for purposes of maintaining deductibility of executive compensation.

**COMPENSATION COMMITTEE REPORT**

The Compensation Committee operates pursuant to a written charter adopted by the Board of Directors and available through the Company’s website, [www.aaronsincs.com](http://www.aaronsincs.com). The Committee is composed of two “independent” members of the Board as defined under the listing standards of the New York Stock Exchange and under the Charter. The Compensation Committee is responsible for assisting the Board of Directors in fulfilling its oversight responsibilities with respect to executive and director compensation.

In keeping with its responsibilities, the Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis section included in this Proxy Statement and incorporated by reference in the Company’s Annual Report on Form 10-K for the year ended December 31, 2009. Based on such review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis section be included in this proxy statement and the Annual Report on Form 10-K.

This report is respectfully submitted by the Compensation Committee of the Board of Directors.

the Company of the non-business use of Company aircraft is calculated based on the average variable operating costs to the Company. Variable operating costs include fuel costs, mileage, maintenance, crew travel expenses, catering and other miscellaneous variable costs. The total annual variable costs are divided by the annual number of hours the Company aircraft flew to derive an average variable cost per hour. This average variable cost per hour is then multiplied by the hours flown for non-business use to derive the incremental cost. Fixed costs which do not change based on usage, such as pilot salaries, the lease costs of the Company aircraft, and the cost of maintenance not related to trips, are excluded. When Company aircraft is being used for mixed business and personal use, only the incremental cost of the personal use is included, such as on-board catering or other charges attributable to an extra passenger traveling for personal reasons on an aircraft being primarily used for a business trip. The amount of income attributed to the Named Executive Officers for income tax purposes from personal aircraft use is determined by the SIFL method (Standard Industry Fare Level), and the executives are responsible for paying the tax on this income. This column also includes car and club membership expense.

(1) As discussed under above under the heading “Annual Cash Bonuses,” awards are payable under the Executive Bonus Plan based on a percentage of the Company’s pre-tax earnings. There are no minimum, threshold or maximum amounts established with respect to such awards, except the plan does contain a maximum of \$2.5 million that can be paid to any individual in any year. Amounts in this column are the actual amounts paid in the first quarter of 2010 for 2009.

**Employment Agreements with Named Executive Officers**

Messrs. Loudermilk, Sr., Loudermilk, Jr., Danielson, Butler and Evans have each entered into employment agreements with the Company. The agreements provide that each executive’s employment with the Company will continue until terminated by either party for any reason upon 60 days notice, or by either party for just cause at any time. Each such executive has agreed not to compete with the Company or to solicit the customers or employees of the Company for a period of one year after the termination of his employment.

**Executive Bonus Plan**

The Company’s Executive Bonus Plan is an annual performance-based cash incentive plan. The award opportunities approved by the Compensation Committee for fiscal 2009 provided for the payment to the Named Executive Officers of cash incentives equal to specified percentages of the pre-tax earnings of the Company for its 2009 fiscal year, provided that 2009 pre-tax earnings exceed those of 2008 except for Mr. Evans, whose bonus depended on achievement of quarterly pre-tax profit objectives for the Aaron’s Sales & Lease Ownership Division’s franchise operations and on new franchised store openings. The maximum percentage of pre-tax earnings that could be awarded was 0.5%, which relates to Mr. Loudermilk, Sr.

The Company’s prior Executive Bonus Plan, which was approved by the shareholders in 2005, has expired, thus necessitating the submission of a new Executive Bonus Plan for approval by the shareholders at the Annual Meeting as set forth above under APPROVAL OF THE AARON’S, INC. EXECUTIVE BONUS PLAN beginning on page 12 of this Proxy Statement.

**2001 Stock Option and Incentive Award Plan**

The Company’s shareholder-approved 2001 Stock Award Plan is a flexible plan that provides the Compensation Committee broad discretion to fashion the terms of awards to provide eligible participants with such stock-based

incentives as the Committee deems appropriate. It permits the issuance of awards in a variety of forms, including: (i) non-qualified stock options and incentive stock options, (ii) performance shares, and (iii) restricted stock awards.

In December 2009, the Compensation Committee amended certain performance-based vesting criteria with respect to restricted stock grants originally awarded in 2006. For further information, see the discussion of “Modification of Performance-Based Restricted Stock Vesting Conditions” in COMPENSATION DISCUSSION AND ANALYSIS beginning on page 15 of this Proxy Statement.

**Salary and Incentives**

For a discussion of the Company’s views on the appropriate relationship between the amount of an executive’s base salary and incentive awards, please see COMPENSATION DISCUSSION AND ANALYSIS beginning on page 15 of this Proxy Statement.

- (1) Mr. Loudermilk, Sr. does not participate in the Deferred Compensation Plan.
- (2) All amounts listed as contributions by the Company are also included in the Summary Compensation Table and All Other Compensation Table above.

The Company adopted the Deferred Compensation Plan effective July 1, 2009. On a pre-tax basis, eligible employees can defer receipt of up to 75% of their base compensation and up to 100% of their incentive pay compensation, and eligible non-employee directors can defer receipt of up to 100% of both their cash and stock director fees, whether payable in cash or Company stock. In addition, the Company may elect to make restoration matching contributions on behalf of eligible employees to make up for certain limitations on the amount of matching contributions an employee can receive under the Company’s tax-qualified 401(k) plan.

Compensation deferred under the Deferred Compensation Plan is credited to each participant’s deferral account and a deferred compensation liability is recorded in accounts payable and accrued expenses in the Company’s consolidated balance sheets. The Company has established a Rabbi Trust to fund obligations under the Deferred Compensation Plan with Company-owned life insurance contracts. The cash surrender value of these policies totaled \$772,000 as of December 31, 2009. No benefits have been paid as of December 31, 2009.

### Potential Payments Upon Termination or Change in Control

The employment agreements between the Company and each of the Named Executive Officers do not provide for any payments to be made to any of those officers in the event of termination of employment with the Company or a change in control of the Company, nor are there any other written or oral agreements between the Company and the Named Executive Officers that provide for severance payments. In addition, we have not entered into any change in control agreements with any of our Named Executive Officers. However, under the terms of our Executive Bonus Plan and of awards granted under our 2001 Stock Option Plan vesting is accelerated with respect to outstanding equity awards, and non-equity incentive plan awards are granted, in certain instances upon termination of employment of the Named Executive Officer or in the event of a change in control as described below.

*Termination — Accelerated Vesting of Equity Incentive Plan Awards.* Under the terms of the 2001 Stock Option and Incentive Award Plan and the related award agreements executed between the Company and each of the Named Executive Officers, all outstanding unvested shares of restricted stock immediately vest in the event of termination of employment due to death. In the event of termination for any other reason, all unvested shares of restricted stock are forfeited. Assuming termination of employment occurred due to death, and that termination of employment of each Named Executive Officer occurred on December 31, 2009, the unvested shares of restricted stock of each of the Named Executive Officers would vest immediately and have the market values set forth in the “Outstanding Equity Awards at 2009 Fiscal Year-End” table above on page 27 of this Proxy Statement.

With respect to outstanding unvested stock options under the 2001 Stock Option and Incentive Award Plan, all outstanding unvested stock options immediately vest in the event of termination of employment of the Named Executive Officers with the Company due to death, and all outstanding unvested stock options immediately vest in the event of termination due to retirement. If the Named Executive Officer’s employment with the Company terminates for any other reason, all unvested stock options are forfeited. The treatment of acceleration of vesting of stock options in the event of termination is generally available to all grantees under the plan under the general provisions of the plan, unless a grantee’s specific award agreement specifies otherwise.

The table below reflects the unvested stock options held by each of the Named Executive Officers as of December 31, 2009 and sets forth an “unrealized value” of those unvested stock options as of that date. The unrealized value of unvested options was calculated by multiplying the number of shares underlying unvested stock options by the closing price of the stock of \$27.71 per share as of December 31, 2009 and then deducting the aggregate exercise price for these stock options.

Name of Executive	No. of Shares Underlying Unvested Options	Unrealized Value of Unvested Options
R. Charles Loudermilk, Sr.	50,000	\$ 328,000
Robert C. Loudermilk, Jr.	75,000	491,750
Gilbert L. Danielson	75,000	491,750
William K. Butler, Jr.	75,000	491,750
K. Todd Evans	15,000	98,400

*Change In Control — Accelerated Vesting of Equity Incentive Plan Awards and Non-Equity Incentive Plan Payments.* Pursuant to the terms of the 2001 Stock Option and Incentive Award Plan, all outstanding unvested stock options and restricted stock awards immediately vest, including those held by the Named Executive Officers, upon the occurrence of a change in control. If a change in control of the Company occurred on December 31, 2009, the outstanding unvested restricted stock and stock options held by each of the Named Executive Officers would vest immediately and would be valued as described above under “*Termination — Accelerated Vesting of Equity Incentive Plan Awards.*”

In the event of a change in control, the Executive Bonus Plan provides for the automatic payment of target-level cash bonuses to the Named Executive Officers, prorated to the extent the change in control occurs during the annual performance period. Assuming the change in control occurred on the last day of our most recently completed fiscal year, the amount we would be obligated to pay out to our Named Executive Officers under the Executive Bonus Plan would be the same as the amount of non-equity incentive compensation paid out as shown in the Summary Compensation Table on page 22 of this Proxy Statement. Additional information about the Executive Bonus Plan is provided at page 23 of this Proxy Statement.

## AUDIT MATTERS

Ernst & Young LLP served as the independent auditor of the Company for the year December 31, 2009 and has been selected by the Audit Committee of the Board of Directors to continue as the Company's auditors for the current fiscal year. A representative of that firm is expected to be present at the Annual Meeting and will have an opportunity to make a statement and respond to appropriate questions. The following table sets forth the Ernst & Young fees for services to the Company in the last two fiscal years.

### Approval of Auditor Services

The Audit Committee is responsible for pre-approving all audit and permitted non-audit services provided to the Company by its independent public accountants. To help fulfill this responsibility, the Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy. Under the Policy, all auditor services must be pre-approved by the Audit Committee either (1) before the commencement of each service on a case-by-case basis — called “specific pre-approval” — or (2) by the description in sufficient detail in the Policy of particular services which the Audit Committee has generally approved, without the need for case-by-case consideration — called “general pre-approval.” Unless a particular service has received general pre-approval, it must receive the specific pre-approval of the Committee or the Chairman of the Committee. The Policy describes the audit, audit-related and tax services that have received general pre-approval — these general pre-approvals allow the Company to engage the independent accountants for the enumerated services for individual engagements up to the fee levels prescribed in the Policy. The annual audit engagement for the Company is subject to the specific pre-approval of the Committee. Any engagement of the independent accountants pursuant to a general pre-approval must be reported to the Audit Committee at its next regular meeting. The Audit Committee periodically reviews the services that have received general pre-approval and the associated fee ranges. The Policy does not delegate the Audit Committee's responsibility to pre-approve services performed by the independent public accountants to management.

The Audit Committee has also received the written disclosures and the letter from Ernst & Young required by applicable requirements of the Public Company Accounting Oversight Board regarding their communications with the Audit Committee concerning independence, and has discussed with Ernst & Young LLP their independence.

The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

## **6. INCENTIVE AWARDS**

### ***(a) Determination of the Amount of Incentive Awards***

At the end of each Plan Year, the Committee or its designee shall certify the extent to which the performance targets and measurement criteria established pursuant to Section 4 have been achieved for such Plan Year based upon financial information provided by the Company. A Participant's Incentive Award shall be computed by the Committee based upon the achievement of the established performance targets, measurement criteria and the requirements of the Plan. In addition to any adjustments provided by the Incentive Award, the Committee may in determining whether performance targets have been met adjust the Company's financial results to exclude the effect of unusual charges or income items or other events, including acquisitions or dispositions of businesses or assets, recapitalizations, reorganizations, restructurings, reductions in force, currency fluctuations or changes in accounting, which are distortive of results for the year (either on a segment or consolidated basis); provided, that for purposes of determining Performance-Based Awards, the Committee shall exclude unusual items whose exclusion has the effect of increasing Relative Performance if such items constitute "extraordinary items" under generally accepted accounting principles or are unusual events or items. In addition, the Committee will adjust its calculations to exclude the unanticipated effect on financial results of changes in the Code or other tax laws, or the regulations relating thereto.

The Committee may, in its discretion, decrease the amount of a Participant's Incentive Award for a Plan Year based upon such factors as it may determine.

In the event that the Company's or an Operating Unit's performance is below the anticipated performance thresholds for the Plan Year and the Incentive Awards are below expectations or not earned at all, the Committee may, in its discretion, increase the otherwise earned Incentive Awards; provided, however, the Committee may not increase any Incentive Awards that are Performance-Based Awards.

The Plan Rules and Incentive Awards that are Performance-Based Awards under the Plan shall be administered in a manner to qualify payments under the Plan to the Chief Executive Officer (and such other Participants as the Committee may determine each year) for the performance-based exception under Code Section 162(m) and the regulations thereunder, except where the Board of Directors determines such compliance is not necessary. The maximum Performance-Based Award that may be paid to an individual Participant for a Plan Year shall be \$3.0 million.

### **(b) Eligibility for Payment of Incentive Award**

No Participant will have any vested right to receive any Incentive Award until such date as the Board of Directors has ratified the Committee's determination with respect to the payment of individual Incentive Awards, except where the Committee determines such ratification is not necessary. No Incentive Award will be paid to any Participant who is not an active employee of the Company, an Operating Unit or an affiliate at the end of the Plan Year to which the Incentive Award relates; provided, however, at the discretion of the Committee or its designee (subject to ratification by the Board of Directors, where required, and the limitations of Code Section 162(m)), partial Incentive Awards may be paid to Participants (or their beneficiaries) who are terminated without cause (as determined by the Committee or its designee) or who retire, die or become permanently and totally disabled during the Plan Year; provided, however partial or prorated Incentive Awards that are Performance-Based Awards shall be based on the attainment of the performance goals and criteria for the year and shall be payable at the same time as Incentive Awards are payable to actively employed Participants. No Participant entitled to receive an Incentive Award shall have any interest in any specific asset of the Company, and such Participant's rights shall be equivalent to that of a general unsecured creditor of the Company.

### **(c) Payment of Awards**

Payment of the Incentive Awards will be made as soon as practicable after their determination pursuant to Sections 6 and not later than 2<sup>1</sup>/<sub>2</sub> months after the end of the corporation's fiscal year to which the Incentive Award relates, subject to the Committee's right to allow a Participant to defer payment pursuant to an applicable deferred compensation plan of the Company. Payment will generally be made in a lump sum in cash unless the Committee otherwise determines at the beginning of the Plan Year.

## **7. DELEGATION OF AUTHORITY BY THE COMMITTEE**

Notwithstanding the responsibilities of the Committee set forth herein, the Committee may delegate to the Chief Executive Officer or others all or any portion of its responsibility for administration of the Plan as it relates to Participants other than the Chief Executive Officer who receive Awards that are not Performance-Based Awards. Such delegation may include, without limitation, the authority to designate employees who can participate in the Plan, to establish Plan Rules, to interpret the Plan, to determine the extent to which performance criteria have been achieved, and to adjust any Incentive Awards that are payable. In the case of each such delegation, the administrative actions of the delegate shall be subject to the approval of the person within the Company to whom the delegate reports (or, in the case of a delegation to the Chief Executive Officer, to the approval of the Committee).

## **8. CHANGE IN CONTROL**

Upon the occurrence of a Change in Control the Participant's Incentive Award for the Plan Year shall be determined as if the Target Award level of performance has been achieved (without any reductions under Section 6(a)) and shall be deemed to have been fully earned for the Plan Year, provided that the Participant shall only be entitled to a pro rata portion of the Incentive Award based upon the number of days within the Plan Year that had elapsed as of the effective date of the Change in Control. The Incentive Award amount shall be paid only in cash within thirty (30) days of the effective date of the Change in Control. The Incentive Award payable upon a Change in

Control to a Participant for the Plan Year during which a Change in Control occurs shall be the greater of the amount provided for under this Section 8 or the amount of the Incentive Award payable to such Participant for the Plan Year under the terms of any employment agreement or severance agreement with the Company, its Operating Units or affiliates. Notwithstanding the above, the Committee may provide in the Plan Rules for alternative consequences upon a Change in Control, which may apply to some or all Participants and which may vary among Participants.

**9. BENEFICIARY**

To the extent provided by the Committee or its designee each Participant will designate a person or persons to receive, in the event of death, any Incentive Award to which the Participant would then be entitled under Section 6(b). Such designation will be made in the manner determined by the Committee and may be revoked by the Participant in writing. If the Committee does not provide for a designation of beneficiary or if a Participant fails effectively to designate a beneficiary, then the estate of the Participant will be deemed to be the beneficiary.

**10. WITHHOLDING OF TAXES**

The Company shall deduct from each Incentive Award the amount of any taxes required to be withheld by any governmental authority.

**11. EMPLOYMENT**

Nothing in the Plan or in any Incentive Award shall confer (or be deemed to confer) upon any Participant the right to continue in the employ of the Company, an Operating Unit or an affiliate, or interfere with or restrict in any way the rights of the Company, an Operating Unit or an affiliate to discharge any Participant at any time for any reason whatsoever, with or without cause.

**12. SUCCESSORS**

All obligations of the Company under the Plan with respect to Incentive Awards granted hereunder shall be binding upon any successor to the Company, whether such successor is the result of an acquisition of stock or assets of the Company, a merger, a consolidation or otherwise.

**13. TERMINATION AND AMENDMENT OF THE PLAN; GOVERNING LAW**

The Committee, subject to the ratification rights of the Board of Directors, has the right to suspend or terminate the Plan at any time, or to amend the Plan in any respect, provided that no such action will, without the consent of a Participant, adversely affect the Participant's rights under an Incentive Award approved under Section 6(b). The Plan shall be interpreted and construed under the laws of the State of Georgia.

**14. CODE SECTION 409A**

It is intended, and this Plan will be so construed and administered, that all amounts payable under this Plan shall be either be exempt from or comply with the provisions of Code Section 409A. In the event that the Plan shall be deemed not to comply with Code Section 409A, then neither the Company, the Board, the Committee nor its or their designees or agents shall be liable to any Participant or other persons for actions, decisions or determinations made in good faith.

AS APPROVED BY THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS OF THE COMPANY ON THE 26<sup>th</sup> DAY OF MARCH, 2010.
